

Dear \_\_\_\_\_

I have been learning that we all have the right to be safe and feel safe at all times, and we can talk to someone about anything, no matter what it is.

I would like you to be on my Helping Hand Network so I can talk to you about any worries I might have, as well as any good things that happen. As a network person, I need you to:

- Be available
- Listen to me
- Believe me, and
- Take action if I need any help.

If you need more information please visit [www.wachildsafetyervices.com](http://www.wachildsafetyervices.com).

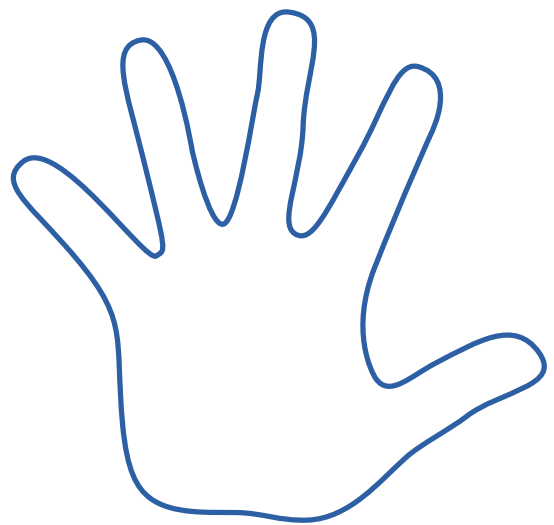

If you can be on my network, please put your name and phone number at the bottom of this letter.

Thanks,

\_\_\_\_\_
